

FACOM DLS.501HPS - High Safety Pneumatic Spring Compressor Workstation

DLS.501HPS

DESCRIPTION

FACOM DLS.501HPS - High Safety Pneumatic Spring Compressor Workstation

Features

Strong pressure to 2.5 Tons (10 bars)

High efficacy

Highly secured

Strong & reinforced cage to protect the operator and avoid accident

Arms developed with a lock system

Foot pedal to work far during the spring compression operation

Reinforced foot reception to prevent shocks falls

More ergonomic

Greater accessibility - the spring compressor is tall and design to make compression operation easier

Brackets are universal (Customers don't need to buy additional brackets)

Brackets are adjustable - many dimensions and rotation to hold the spring perfectly

Less complexity - 1 bracket for all vehicles model (95% of the automotive fleet)
