

FACOM DL.2A2L - 2t Pneumatic Air Jack

DL.2A2L

DESCRIPTION

FACOM DL.2A2L - 2t Pneumatic Air Jack

Features

Load capacity - 2t

Maximum lifting height - 300mm

Minimum height under body - 120mm

Descent speed regulation with the control valve

Fitted with a discharge valve in case of air overpressure

Minimum operating pressure - 6 bar

Dimensions (LxW)

250x1055mm

Technical Conformity

CE compliance Standard EN1494+A1
