Features

For improved safety each screwdriver is tested individually at 10000 Volt for 10 seconds VDE approved

Slim profile gives 27% more reach

Inline hardening process - +100% tip life and +100% bar strength

Handle material - softer for more comfort and still chemical resistant

Handle Channel - +10% torque

Laser marking - gives virtually permanent marking

CNC tip machining - gives better screw fit increasing torque transfer and reducing wear
