Drawer useful size - (DxWxH) 569x421x60 / 130 / 270mm

Supplied with 3 sets of partitions for drawers 60mm high and 1 set off partitions for drawers 130mm high

Centralised locking jointed key lock. Interchangeable lock

Fitted with 4 pivoting jacks for a perfect finishing

1 Foot

Foot made of Epoxy painted sheet steel (thickness 12/10ths)

Equipped with feet with jack for adjustment giving complete stability irrespective of the type of floor

Low unit raising base

To increase the height from 850 to 1025mm (including 40mm worktop)

Epoxy painted sheet steel (thickness 12/10th)

Has to be fitted with the 4 pivoting jacks delivered with the base unit for a perfect finishing

Worktop

Panel made of multi-ply beech of thickness 40 mm covered with 10/10th 304L brushed stainless steel for improved impact and heat resistance

Edge also covered - painted metal cover for the sides

Sides will be protected by a finishing painted metal sheet

Fast and easy assembly thanks to pre-drilled metallic inserts positions

Capable of supporting loads - 1000kg

Cross-beam

Multifunctions cross beam - connecting - reinforcement and storage space

2 possible positions

In horizontal position the cross becomes a real shelf that can receive objects heavy and bulky in

In vertical position for 1025 height sets the cross ensures connection between the units and let some space for your roller cabinet

Made of Epoxy painted sheet steel (thickness 12/10ths)

Dimensions (WxDxH)

2182x750x1025mm

JetLine+ Fixed Storage Benefits

More modularity - Work - organise - share and communicate

More space -Multiple possibilities to maximise use of our space

More freedom -Freely reorganise your workshop and create your ideal layout

More comfort - A genuinely pleasant work place

Zero constraints with its self-supporting structure

Imperatives such as water supplies - power supplies - thresholds - windows and doors cannot be moved
