

FACOM JLS3-5BINS - JETLINE + Set Of 5 Individual Waste Bins

JLS3-5BINS

DESCRIPTION

FACOM JLS3-5BINS - JETLINE + Set Of 5 Individual Waste Bins

Features

A great solution to respect mandatory recycling regulations

Set of 5 mobile collectors to separate reusable types of waste (paper, glass, cardboard, bio waste, plastic) & hazardous waste (oil, batteries, medicines, chemicals and so on)

75 litres capacity – 100kg resistance load (each collector)

Easy to move – 4 wheels 100mm, including 2 swivelling, 1 brake per collector

Delivered with a set of stickers that will be used as needed

The bins can be stored under the worktop of JLS3 units

Delivered with a flap system to be fixed on the bench directly - made of galvanised steel

Make sure you have a minimum height of 990mm to fix the flap system and a height of 790mm if you do not want to use the flap system

A minimum space of 1600mm is required between the feet to slide the 5 collectors

Dimensions without flap system(WxDxH)

1600x496x785mm

Dimensions with flap system(WxDxH)

1600x496x983mm

JetLine+ Fixed Storage Benefits

More modularity - Work - organise - share and communicate

More space -Multiple possibilities to maximise use of our space

More freedom -Freely reorganise your workshop and create your ideal layout

More comfort - A genuinely pleasant work place

Zero constraints with its self-supporting structure Imperatives such as water supplies - power supplies - thresholds - windows and doors cannot be moved
