

FACOM Y.107CPB - 2 Handed Blind Nut Riveter

Y.107CPB

DESCRIPTION

FACOM Y.107CPB - 2 Handed Blind Nut Riveter

Features

Compatible with 4 Sizes of blind rivet nuts - M4 + M5 + M6 + M8

a versatile tool that can be used in a wide range of applications

Double handed operation provides better grip and improved end user comfort

Double handed operation means lower activation force is required to achieve the same torque,
improving productivity and reducing end user fatigue
